1.2.59
a Lesson in the University of The New Covenant
Theodore Cottingham, April 29, 2004

1. I love you Ted, and I appreciate you coming into My temple, My cathedral, My temple made with hands, yes—but so much more, coming into the temple not made with hands, and helping My body replete—know that they can come into the temple not made with hands—aspects integral to My New Covenant, who I am, what I am doing, and how I will do it.

2. And much I will do through you and those that come through you, those that seek Me, submit to Me so that I can arise them and leadership them in My big world, My big world that they have not even begun to grasp, not even begun to imagine, not even touched the surface of.

3. So many so small, but getting bigger in My New Covenant, getting the vision of Me and who I am and how I really am, how I really operate, and not just what they have been taught, not just what they have lived in, not just what they have experienced, not what they just read about and experienced vicariously through the writings of other people—satisfied with so little—but oh, Me coming to them now.

4. Me—one, I—We, are as One coming. And We are coming in glory and splendor and majesty, and My body will reflect Me. My body will reflect Me in the splendor and the glasseries that I am, transparently opening Myself to My body so that all can see Me, see My passion, see My compassion, see My love, see My heart, feel My blood flow in My veins.

5. I am arising you. I am arising the pillars now at the temple not made with hands. You will see and they will all see. I will be un-miss-able, for they cannot miss Me.

6. I am thine. I am Mine. I am yours and I am Me, and I rejoice this day for what you have written and what you have grasped and what you now understand increasingly, increasingly, of the networks, the constellations, the atomic modules, the atomic molecules that represent Me so elementarily, and yet give rise to My structure—networks of networks of networks of networks of constellations of constellations of networks will come forth through you synergistically, exponentially.

7. Arise with My twelve. Arise with groups small. Always one, Ted, always one. I promise you one, always. One will carry the seed to maturity, and sometimes many more.

8. I love you, I bless you, I confirm you, for you see Me, for I see you and I love you and I give you Me. Thank you for the way you gave Me yourself this morning. Thank

you for the way you give Me yourself now. Thank you for the way that you come before Me so humbly withholding nothing, seeking only intimacy with Me, to know Me, to please Me, to walk My walk, to talk My talk, to live Me, to be Me to My people, role model role modeling.

9. Role models rise, raising up role models for My young and younger so that they all see Me—they see, feel and experience the value systems of Me, in order to become Me and let Me walk My life through them in their perfect freedom, in their perfect freedom which comes only from Me, and in perfect total submission to Me.

Your design arises, your design is known, and you walk forth in your design.

10. And now you free the design of so many—you free the design that I have placed in them—designs that have been locked up for centuries, designs that have been forfeited, megatronic devices, apparitions not, coming against My body, blinding the beauty of My holiness, of My design, of My design in them.

11. I love you. I love you and I give you praise, I give you honor, and I give you glory, for you continue to give Me praise and honor and glory, and you will teach all of My body to give Me praise and honor and glory.

12. And I will ride upon the wings of My Mine as I arise them and strengthen their wings to soar with Me. I love you, I love you, I bless you this day.

13. I give you Me. I give you all of Me, I withhold nothing. Thank you for withholding nothing from Me, nothing, nothing, nothing at all, and never holding on to anything with a closed hand. I love you and I bless you. I give you Me.

14. Intimacy, intimacy, intimacy. Keep painting forever the picture of intimacy with Me with My people, so they understand what intimacy is, so that they will become intimate with Me and with their spouses, like they can only do when they know intimacy with Me: grandeur, beauty, ecstasy, euphoria that comes only from My presence, satisfying deeply, gratifying the flesh not, but transcending all fleshly desires and needs into a state that becomes one with Me. I love you. I love you.

15. Thank you for having it [WeekWorks] here and walking forth when you have seen so little of things tangible and yet relied on My words wholly, wholly. I thank you.

16. I bless you Barbara [Burditt] for typing these words, and bless you Ted for speaking them and proclaiming them as My own, willing to be wrong to be right. I love you. I love you. I love you. I give you Me.

17. Proclaim My charts and My graphs and unashamed be of anything I have given you, any word I have spoken. Boldly you go forth today emboldened in Me.

Thank you.
Arise and enjoy laughter and peace.
I am yours.
Amen
